

Appl. No. 10/631,789
Amdt. Dated July 1, 2008

REMARKS

The April 4, 2008 Notice of Allowance and Fee(s) Due allowed all claims pending in the application. The communication was responsive to the Amendment and Response filed by the Applicant on December 10, 2007. In the December 10, 2007 response Applicant amended claims 31 and 32, as well as other claims. However, after careful review of the claims, Applicant noticed an error in claims 31 and 32, specifically a redundant word "checking".

Pursuant to MPEP 714.16 and 37 CFR 1.312, any amendment filed after the Notice of Allowance *may be entered on the recommendation of the primary examiner, approved by the Commissioner, without withdrawing the application from issue.* Additionally, the primary examiner can make examiner's amendment pursuant to MPEP 1302.04 after allowance and can enter amendments submitted after allowance to *correct formal matters in the specification or drawing, or formal matters in a claim without changing the scope thereof.*

CONCLUSION

Applicant submits that the enclosed amendment does not change the scope of the claims in any way and merely corrects an error in the claim. No new matter is being added from the originally filed application. Applicant respectfully requests that the Office make the requested amendment.
